Subject: Oppose passage of Bill 69

Aloha Committee Chair Kobayashi and members of the Budget Committee,

I am writing to strongly urge you to vote down Bill 69 for the following reasons:

1. I cherish, as I am sure you do, the scenic beauty of this island. Allowing advertising signs to mar this beauty is counter to what all we hold dear. Rolling billboards are just as bad as the stationary ones The Outdoor Circle got rid of a century ago!
2. The Mayor and City Council must restore the cuts that were made in Oahu's bus service. But they cannot hold bus service hostage to a plan for billboard advertising that will damage our scenic beauty. They must be creative and find the money somewhere else.
3. Bill 69 creates a false promise of new revenue because of its many legal problems. We already saw how previous efforts to regulate advertising content produced years of expensive litigation around aerial advertising. Bus billboards are a bad idea. The Budget Committee must kill this bill right now.

Hawaii is too beautiful for bus billboards.

Mahalo for your continuing commitment to keep Oahu free of rolling billboards on our buses.

Aloha Committee Chair Kobayashi and members of the Budget Committee,

Please vote down Bill 69:

Above all else, I cherish, as I am sure you do, the scenic beauty of this island. Allowing advertising signs to mar this beauty is counter to what all we hold dear. Rolling billboards are just as bad as the stationary ones The Outdoor Circle got rid of a century ago!

The Mayor and City Council need to restore the cuts that were made in Oahu's bus service which now seriously adversely impact so many, especially the impoverished and elderly. But they cannot hold bus service hostage to a plan for billboard advertising that will damage our scenic beauty. They must be creative and find the money somewhere else.

3. Bill 69 creates a false promise of new revenue because of its many legal problems. We already saw how previous efforts to regulate advertising content produced years of expensive litigation around aerial advertising. Bus billboards are a bad idea.

Please exhort The Budget Committee to kill this bill today.
